

Coldwell Banker Grass Roots Realty has been voted
“Best Real Estate Company”
again this year by Union readers for 2009

The Union newspaper has just announced that we at Coldwell Banker Grass Roots Realty have received again this year their annual “Best of Nevada County” award. The award is announced at the end of March and is awarded for the preceding full year. Only Coldwell Banker Grass Roots Realty (CBGRR) has received the “Best Real Estate Company” award for 2009, 2008, 2007, 2005 and 2004. The award is based on a questionnaire put out by The Union asking readers to write in whom they judge to be the “best” in various business categories. It may appear that other area real estate companies have also received this award this year. Don’t be fooled—this honor is only awarded to one real estate company each year.

We want to thank The Union’s readers for voting CBGRR Nevada County’s “Best Real Estate Company” five out of the last 6 years!

“Our company’s goal has always been to satisfy all our clients whom we have helped to either sell or buy homes in this beautiful county.” says Diann Patton, Sales Manager and co-owner. “We aim to provide the highest level of quality service.”

Grass Roots Realty was founded in 1979. Almost all of the original Realtors® who joined the company within the first year are still with the company. In 1982, we affiliated with Coldwell Banker and CBGRR became the Number One Real Estate office in Nevada County. With our headquarters now located at 855 Sutton Way (on the corner of Brunswick Road) and with our other locations in Nevada City, Lake of the Pines/South County and Lake Wildwood/Penn Valley we now serve all of Western Nevada County!

Rick Dejesus, General Manager and co-owner says, “CBGRR has always been on the cutting edge. Over the years, we have been known as the innovators in our community and we continue to be. Our offices have state of the art technology and our staff and Realtors® are the most highly trained and professional people Nevada County has to offer. By offering the additional services of an in-house mortgage expert, an in-house attorney, in-house transaction coordinator, graphic designer and web designer and an on-going training and education department, we are in the best position to assist our clients with the highest quality of service. I could not be prouder to be associated with each and every person at our company.”

In addition, being affiliated with Coldwell Banker, the most widely recognized Real Estate Franchise in the world, has been a tremendous asset. The name recognition as well as the level of professionalism, training, and longevity, over 103 years since Coldwell Banker was founded, provides a tremendous spring-board for success.

If you’re thinking of buying or selling your home, or want information on today’s changing market, please call one of our four offices. You’ll find out why we’re doing nearly twice the business of our closest competitor in Nevada County
